SAVETI / TIPS

U cilju pravilne upotrebe mašina za pranje i sušenja veša pročitajte savete koji slede, kao i objašnjenja znakova na etiketama na odeći koji pomažu pri održavanju tekstilne robe.

- Budite sigurni da je mašina prazna pre stavljanja veša
- Nemojte pritiskati nepotrebne dugmiće ili dodavati deterdžent nakon početka rada mašine
- Ne opterećujte mašinu tako što ćete je prepuniti vešom
- Proverite odeću pre stavljanja u mašinu (da nisu zaostali ključevi, kovanice, dokumenta, papirići...)
- Ne odlažite teške predmete na mašinu
- Odmah nakon završetka rada mašine izvadite mokar veš iz mašine
- Uvek pratite uputstva sa etiketa na vešu i odeći
- Istresite veš od prljavštine i prašine pre stavljanja u mašinu

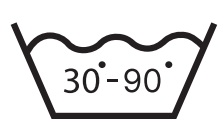

In order to properly use washing machines and dryers, read the following tips, as well as explanations of the signs on the labels on clothes that help maintain textiles.

- Make sure that the machine is empty before loading
- Do not press unnecessary buttons or add detergent after the machine has started
- Do not overload the machine with clothes and laundry
- Check clothes before loading (for keys, coins, personal documents, papers...)
- Do not put heavy objects on the machine
- Remove wet laundry from the machine immediately after finishing the machine
- Always read instructions from clothing labels of your clothes and laundry
- Shake the laundry from dirt and dust before putting it in the machine
